

Wil Schrande

When I was a child there was always a dog as a beloved member of our family.

In my twenties I started to get interested to know more about dogs and did several courses to get more knowledge about dogs in general. About the same time, I bought my first pedigree dog, a black and white American Cocker Spaniel. Short time later a buff American Cocker and soon after my first Cavalier King Charles Spaniel.

I did my judging exams for these two breeds and that was the start of a lifelong hobby.

I was kennel partner in a well-known Cavalier Kennel in the Netherlands for quite a number of years. So I learned to know the breed very well.

Also, I was and still am very active in the Dutch Cavalier Club from the start in 1981.

In the meantime I did several judging exams and I am now a judge for Cocker-, American Cocker-, Springer-, Welsh Springer-, Field -, Sussex Spaniel and Wachtelhund. Tibetan Spaniel, Tibetan Terrier, Shih-Tzu, Lhasa Apso and King Charles Spaniel. And The Shiba.

I judged my breeds in a lot of European countries and especially The Cavalier King Charles Spaniel at a lot of Breed specialties also several times in the United Kingdom.

I was breed editor of the first edition of World of Cavaliers and therefore had contact with many Cavalier people all over the world.

I am very honoured with the invitation to judge the Breed Specialty and to cooperate with the Breed Seminar of my beloved breed.

Looking forward to it.

Kindest regards,
Wil Schrande
